Summary

ReactJS 🌐, loves exploring new techs, and a great companion 🙌

Experience

Flexisource IT 🌐

Senior Frontend Developer
Makati, Metro Manila, Philippines

January 2020 - Present

As a Senior Frontend Dev, I am tasked to develop new features, take a lead on starting a new project, conduct code reviews and do R&D for technologies that might be best suited on our current codebase and also for those new projects.

Techs used: ReactJS/NextJS, Redux/Zustand, Redux Saga, React Query, Webpack (CRA), gRPC, GraphQL (Relay), Tailwind, PayloadCMS

Makatisoft Inc/Swapoolabs 🌐

Mid ReactJS Developer
Taguig, Metro Manila, Philippines

November 2020 - January 2022

I was tasked on mostly developing new features for a cryptocurrency related product - maintaining both admin and user facing websites (FE)

Techs used: ReactJS, Redux, React Query, Webpack, Typescript, Formik, CSS/SCSS, Testing Library (React)/Jest, Git, Jira

Cafisglobal Inc. 🌐

Junior Software Developer
Makati City, Philippines

May 2018 - November 2020

As a Junior Developer, I was tasked to maintain existing codebase and develop new features. The business revolves around financing (Money Transfer, Check Cashing, Money Order, Travel Money services) with a Kiosk.

Techs used: ReactJS, Redux, Webpack (CRA), CSS/SCSS, Java (Android), JIRA

Pambayang Dalubhasaan ng Marilao 🌐

College Instructor
Marilao, Bulacan, Philippines

June 2017 - April 2018

Teach basic programming and data structures for: C programming, Java, C# (Unity & OOP), Basic Web (JS/HTML/CSS)
